

Multi-Million-Dollar Funding for Agricultural Productivity

Monday, 12 July 2010

President Ernest Bai Koroma has announced the approval by the Global Agriculture and Food Security Programme (GAFSP) of a request from the government of Sierra Leone for fifty million dollars (US\$50 million) in support of the government's Smallholder Commercialisation...

President Ernest Bai Koroma has announced the approval by the Global Agriculture and Food Security Programme (GAFSP) of a request from the government of Sierra Leone for fifty million dollars (US\$50 million) in support of the government's Smallholder Commercialisation Programme. Sierra Leone is one of the first five countries to benefit from the Global Agriculture and Food Security Programme funding.
